Alberto Torrejón Valenzuela

Mathematician and Statistician

About me

"There is a difference between a thing and talking about a thing."

Kurt Gödel

Education

2021 - now, PhD Candidate in Statistics and Operations Research

Institute of Mathematics University of Seville, Seville, Spain.

Supervisors: Justo Puerto, Miguel A. Pozo.

2020 - 2021, Master's Degree in Mathematics

University of Seville, Seville, Spain.

Specialization: Statistics and Operations Research.

2015 - 2020, Double Bachelor's Degree of Mathematics and Statistics

University of Seville, Seville, Spain.

Experience

Sep 2022 - now, PhD Student

University of Seville, Seville, Spain.

Predoctoral contract from the Spanish Government (FPI)

Jul 2022 - now, Coordinator

SevillaR - Local R Users Group in Seville

Coordinator of the local R Users Group in Seville, Spain.

Mar 2025 - Jun 2025, Research visitor

ESSEC Business School, Cergy, France.

PhD program research stay under the supervision of *Prof. Ivana Ljubic*.

Aug 2021 - Sep 2022, Researcher

University of Seville, Seville, Spain.

Researcher associated to a project.

Project: "New results on design and optimization problems in complex networks: Applications to the design of smart cities".

Principal researcher: *Prof. Justo Puerto*

May 2021 - Jul 2021, Data Scientist internship

Indorama Venture, San Roque, Cadiz, Spain.

Internship as a data scientist and analyst optimizing emissions.

Teaching

Jul 2024, IX International Mathematics Summer School

1.5 hours - Faculty of Mathematics, Seville, Spain.

Jul 2024, Advanced Linear Models for Biology

18 hours - Institute of Educational Sciences, Seville, Spain.

Jun 2024, Introduction to R and Linear Models for Biology

10 hours - Institute of Educational Sciences, Seville, Spain.

2024-2025 (academic year), Statistics

60 hours - Health Engineering Degree, University of Málaga and University of Seville, Seville, Spain.

2023-2024 (academic year), Statistics

60 hours - Health Engineering Degree, University of Málaga and University of Seville, Seville, Spain.

2022-2023 (academic year), Statistics

60 hours - Health Engineering Degree, University of Málaga and University of Seville, Seville, Spain.

Editorial Activities

2025-now, Technical editor

Boletín de Estadística e Investigación Operativa de la Sociedad Española de Estadística e Investigación Operativa.

Research Projects Participation

PROYECTO ETNIAS: Estrategias para administración de terapias neuroprotectoras para el ictus isquémico identificado mediante biomarcadores en las ambulancias de Sevilla

(PI21/01158)

Principal researcher: *Dr. Joan Montaner Villalonga*

Optimization on data science and network design problems: Large scale network models meet optimization and data science tools

(PID2020-114594GB-C21)

Organization in activities

Organizing member of the conference "5th Spanish Young Statisticians and Operational Researchers Meeting (SYSORM)"

Location: Institute of Mathematics University of Seville, Seville, Spain.

Date: 05/11/2024-07/11/2025

Organizing member of the conference "III Congreso y XIV Jornadas de usuarios de R"

Location: Institute of Mathematics University of Seville, Seville, Spain.

Date: 06/11/2024-08/11/2024

Organizing member of the workshop "XIII International Workshop on Locational Analysis and Related Problems"

Location: Institute of Mathematics University of Granada, Granada, Spain.

Date: 04/09/2024-06/09/2024

Organizing member of the workshop "3rd Sevilla MINLP Workshop"

Location: Institute of Mathematics University of Seville, Seville, Spain.

Date: 30/03/2023-31/03/2023

Organizing member of the seminars "Seminarios PhD"

Location: Institute of Mathematics University of Seville, Seville, Spain.

Date: 2022-23 (full academic year).

Organizing member of the seminars "Los Martes Se Investiga – LMSI"

Location: Faculty of Mathematics of the University of Seville, Seville, Spain.

Date: 2022-23 (full academic year).

Further training

sep 2023 - nov 2023, Doc-Course on Data Science

Institute of Mathematics University of Granada, Granada, Spain.

jan 2023, Winter School on Data Science, Optimization and Operations Research

École Polytechnique de Lausanne, Zinal, Switzerland.

nov 2022, Metaheuristic Algorithm Design for Combinatorial Optimization Problems Course

Institute of Mathematics University of Seville, Seville, Spain.
